PROFESSIONAL SPANISH MICROFIBER MOP

Designed to display beautifully. Built to work hard.

MADE IN MEXICO

SPANISH-ORIGIN MICROFIBER

RETAIL & DISTRIBUTION READY

WHY BRILLANCE?

- A visually attractive, elegant and durable product designed for consumers and for professional point-of-sale presentation.
- High absorption, quick drying, durable fiber and high color resistance during frequent cleaning with chlorine.
- Long, lightweight tubular aluminum handle; available in 250 g and 350 g versions.

READY TO GROW WITH YOUR BUSINESS

- We have the operational structure and supply capability to serve individual stores, retail chains, distributors, wholesalers, hotels, cleaning companies and other B2B buyers.
- BRILLANCE retail displays are available: compact, attractive and designed to use selling space efficiently.
- The product can also be supplied without a display, according to buyer merchandising requirements.
- Individual packaging, product codes, barcodes, labels and point-of-sale support materials are available.

PERFORMANCE & BENEFITS

HIGH CHLORINE COLOR RESISTANCE	Designed to retain color during frequent cleaning with chlorine. Prolonged dry exposure to sunlight may gradually affect color and appearance.
HIGH ABSORPTION	High absorption capacity for everyday and professional cleaning.
QUICK DRYING	Promotes quick drying after use and rinsing.
DURABLE FIBER	Designed for frequent and extended use.
FIBER INTEGRITY	Under normal use, maintains its integrity and does not break down into long strands as deteriorated conventional mops may.
LOW ODOR RETENTION	With proper rinsing, wringing and storage, the microfiber helps minimize odor retention.
HOMES WITH PETS	Helps pick up hair, dust and dirt.
LONG, LIGHTWEIGHT HANDLE	Good reach and lightweight handling for daily cleaning.
MICROFIBER WARRANTY	BRILLANCE backs its Spanish-origin microfiber against manufacturing defects under normal intended use. Warranty does not cover normal wear, misuse, improper care, or damage unrelated to a manufacturing defect.

USE, CARE & PRECAUTIONS

Rinsing	Rinse after each use to remove dirt and residue.
Fabric softener	Fabric softener is not recommended. It may coat the microfiber and reduce its absorption capacity.
Chlorine	Designed to withstand frequent cleaning with chlorine. Rinse thoroughly after use to remove chemical residue.
Drying	After rinsing, allow to drain and keep the mop hanging in a ventilated area. Direct sunlight is not required for drying.
Sun / UV	Avoid prolonged sunlight exposure while dry; it may gradually affect color and appearance.

IMPORTANT PRECAUTION

DO NOT USE ON TRAMPOLINES, TARPS/CANVAS OR SIMILAR HIGH-FRICTION SURFACES. Friction and static buildup may puff, deform or alter the microfiber original appearance and reduce product service life.

APPLICATIONS

Homes • Apartments • Offices • Schools • Restaurants • Hotels • Hospitals • Pharmacies • Stores • Commercial facilities • Cleaning companies • Maintenance • Commercial and industrial use.
